LOCAL NOTES.

Following is the temperature and rainfall at Tombstone for the week ending Sept. 25, 1897, as reported by H. M. Gee, weather observer:
Highest average temperature... 81.7
Lowest average temperature... 62.2
Rainfall... 1.12

FOR SALE—Bees for sale. Call on F. N. Wolcott.

No western mail arrived today owing to a washout below Benson.

No. 8 Cookstoves \$15 at BARROWS.

Sheriff White left yesterday on a flying trip to Tucson on official business.

But little sickness if any is reported in Tombstone. This is the healthiest spot in the west.

Mrs. A. Hill left this morning for Tucson where she expects to remain several months.

H. Hazelwood and B. Croley two U. S. trial jurors from Pearce returned home today from Tucson and left on the Pearce stage this morning.

Mr. J. Christensen was up from St. David today with a load of alfalfa. Work on his artesian well still continues and prospects of striking water more favorable daily.

Mrs. J. J. Patton, wife of Editor Patton of the Lyre, and children left for Bisbee this morning on a visit. Miss Ethel Robertson accompanied them for a brief stay.

Hundreds of thousands have been induced to try Chamberlain's Cough Remedy, by reading what it has done for others, and having tested its merits for themselves are today its warmest friends. For sale by all dealers in Bisbee and Tombstone.

Awarded
Highest Honors—World's Fair,
Gold Medal, Midwinter Fair.

40 YEARS THE STANDARD.

SUDDEN DEATH.

August Hermann Found Dead in Los Angeles.

The following account of an Arizona man's sudden death in Los Angeles is taken from the Express of that city. A German prospector of the same name, who has mining interests in the Chiricahua, and known by many here, recently left for Los Angeles, and is most probably the same party referred to:

"The dead body of a Swede named August Hermann, about 38 years of age, was found in bed in one of the rooms of the American lodging house, No. 228 West Second street, last night about 11 o'clock. Hermann had only been at the house six days, having come to this city from Arizona. He appeared to be suffering from pulmonary complaint in an advanced stage, and made no effort to secure work, spending most of his time about the house. He retired about his usual time last evening, and two or three hours later the proprietor went to the room and found that he was dead. He had evidently died from hemorrhage shortly after going to bed. Coroner Campbell was notified and the body was removed to Orr & Hines' undertaking establishment on South Broadway, where an inquest was held this afternoon. The jury returned a verdict of death from natural causes. So far as known Hermann had no friends or relatives in this section.

Ben James who is sojourning here for the benefit of his health is improving rapidly and feeling better than for many months.

Dr. Hall was called to Contention last night to administer medical relief to a sick railroad man at that point. His patient was set on the road to recovery and will soon be all right.

The Ladies' Aid Society will meet at the M. E. parsonage on Monday, Oct. 4th, at 2:30 p. m. A full attendance is desired, as this will be the last meeting in the conference year.

Gen. D. K. Wardwell, postmaster at Ft. Huachuca, is a visitor to Tombstone, his former home. The General is looking well, and is an efficient officer in the service of Uncle Sam.

An excursion for parties desiring to go to Tucson and see the big circus on Tuesday next has been made. The rate from Tombstone for the round trip will be about \$5 and understood several contingents going from here.

Edgar's Your Bowels With Castor Oil. Castor Oil. Pure Castor Oil. 10c. 25c. If C. C. C. fail, druggists refund money.

Parties dumping rubbish on the baseball grounds should be prohibited from doing so. The grounds are kept in good condition, but the unsightly heaps of refuse mar their appearance, not to speak of the odors arising therefrom.

It was reported today that the residence of W. D. Monmonier, justice of the peace at Pearce was considerably damaged by fire yesterday at that camp. No particulars have been received and it is to be hoped that the damage or loss is not as great as reported.

No word has been received from the Ft. Huachuca base ball nine and the ball game between the Bisbee and Ft. Huachuca clubs will be postponed until such time as a satisfactory date can be arranged for. The soldier boys are still in the field but are anxious to play at first opportunity.

Seamstress Sewing Machines, equal to all, inferior to none. Reduced to \$20. AT BARROW'S

The Gold Cliff Co. at Pearce have purchased all the cyanide tanks of the Baron-Scribner Co., and workmen are busy loading same. Three wagon loads have already started for the company's property, and the balance will be sent forward as soon as possible. The crusher rolls, engine and boilers which have been ordered are expected to arrive at Cochise station shortly.

A real prize fight between two Pearce champions was held at that camp yesterday and the ring pitched near the slaughter house while a large crowd gathered to witness the mill. Five rounds were fought but the officers interfered and arrested the pugilists and seconds, and now in the legal battle to follow the principals will again be the attraction. The care was to be heard today.

COPPER PRECIPITATION

A New Element to Supersede Old Methods.

It is a well-established fact that copper held in solution in water can be easily obtained by using iron as a precipitant, but as the precipitant of copper in solution with iron is comparatively slow and in many instances costly, a more active and less expensive precipitant was much in demand. Thomas Wren, late of Eureka, but now of Reno, Nevada, seems to have solved this problem beyond a doubt. Mr. Wren has made the question a study, and, after repeated and numerous experiments with different substances, has discovered that copper in solution in water can readily be thrown down with alkali. Alkali will precipitate the copper at once, while iron requires from twenty-four hours to several months—depending upon the amount of iron used.

"For three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house," says A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind., and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely." For sale by all dealers in Tombstone and Bisbee.

The Carson News says that government surveyors are at work on the Comstock lode to ascertain how far east the surface ground moves each year. Shafts once straight are now so crooked that buckets cannot be lowered through them.

An examination was made of some electric belts sold by a street fakir at Ottawa. It was found that beneath a strip of gauze was a layer of dry mustard. When the wearer perspired a little the mustard was moistened and set up a burning sensation, and the deluded victim believed a current of electricity was passing through him.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers Junction she was brought down with Pneumonia (succeeding La Grippe). Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Tombstone and any Drug Store. Regular size 50c. \$1.00

An official statement has been issued showing the number of men and the quantity of munitions of war sent to Cuba and the Philippine islands during the insurrections now in progress in those quarters.

Between November, 1896, and May, 1897, the Spanish government sent to Cuba 181,738 soldiers, 6,561 officers, of whom forty were generals, 212,542 guns, 329,405 kilograms of powder, 92,087,670 cartridges, 16,712 swords, 91 cannon, 129,503 shells.

Since the outbreak of the present revolution in the Philippines the government has sent 27,760 soldiers, 881 officers, of whom nine were generals, 43,100 guns, 24 cannon, 24,910 kilograms of powder, 21,726,585 cartridges and 39,604 shells.

The Discovery Saved his Life.

Mr. G. Caillouette, Druggist, Beaver, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial the Tombstone Drug Store.

Church Notices.

Catholic Church.

Services are held regularly on the first Sunday of each month, as follows:

Mass at 9:30 a. m.; Sunday schools

—English at 11 a. m., Spanish at 3 p. m.; vespers at 7:30 p. m.

Mass during week at 7:30 a. m.

M. VANDERMASEN, Pastor.

To Cure Constipation Forever.

Take Chamberlain's Cough Remedy. 10c or 25c.

If C. C. C. fail to cure, druggists refund money.

DEPT. OF AGRICULTURE.

Hon. J. S. McCarthy Completely

Cured by Paine's Celery

Compound.

DEPARTMENT OF AGRICULTURE,
DIVISION OF STATISTICS,
WASHINGTON, D. C., July 9, 1897.

Wells, Richardson & Co.:

Gentlemen—Something over a year ago I was suffering with nervousness, loss of appetite and insomnia. I was all run down, and nothing did me any good, until a friend advised me to try Paine's celery compound. I took four bottles of the compound, and I am more than proud to testify that it completely cured me. I haven't had an unwell day since. I eat hearty and sleep like a healthy baby. I consider Paine's celery compound the best remedy manufactured, and I most heartily recommend it to suffering humanity the world over. Sincerely yours, JAMES S. MCCARTHY.

Sleeplessness is the most common, as well as the most alarming ailment among those who toil with their brains.

Patient after patient repeats the same story. He goes to bed at the usual hour, falls off to sleep very much as usual, but, instead of sleeping through the whole night, wakes about three or earlier and can get "no more sleep after that time."

Carry home a bottle of Paine's celery compound and see how soon in-

omnia gives way to sound, refreshing sleep.

The best remedy in the world is not too much for any one to insist on getting. Every one, whether sick or well, must know the immense good Paine's celery compound has done and is doing tired, half-wake, sleepless men and women all over the country.

The vague, ill-humored attempt so many people make to get rid of poor health is injurious. Rheumatism, headaches, neuralgia, kidney troubles, skin diseases and dyspepsia may be wholly exterminated from the system, never to bother one again, if one will but cleanse the blood and regulate the nerves with Paine's celery compound.

Get out of despondency, the "blues," or whatever name you give to these attacks of nervous depression. Don't mope around half-sick. Persons who think that they are fairly well and "only a little tired" need just the toning up and refreshing that Paine's celery compound undoubtedly gives.

Nothing could be more suicidal than for sickly men and women to shut their eyes to the great opportunities offered by Paine's celery compound.

No remedy ever called forth such vigorous testimonials and decided opinions from every class of men and women.

Advertisement Letters.

The following is a list of letters remaining in the general delivery at the Tombstone postoffice for the week ending Oct. 2, 1897:

H. F. Hall, Joe Luxure

E. W. Foster, D. R. Morris.

Dr. John McNally.

When calling for above letters, say advertised, giving date of advertisement.

EMIL SYDOW, P. M.

Free Pills.

Send your address to H. E. Becklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles, they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomach and bowels, greatly invigorate the system. Regular size 25c. per box. Sold by Tombstone and Bisbee druggists.

Tax Collector's Notice

Notice is hereby given that the duplicate assessment roll of the County of Cochise is now in my possession for the collection of taxes levied for the year 1897 in said county.

Taxes will become delinquent on the 3d Monday in December 1897, and unless paid before that date a penalty of five per cent will be added thereto.

Payment may be made at my office in the county court house at Tombstone, during office hours—9 a. m. to 12 m. and 1 to 5 p. m.
